Department of Agriculture, Food and the Marine
SPECIFIC REQUIREMENTS – CATTLE

- The movement of cattle to and from a show within the state must be recorded on the AIM System.
- A specific cert of compliance for the movement of bovine from a single holding to a show must now be requested prior to the movement of animals concerned.
- Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the www.agfood.ie facility or from the Cattle Movement Notification Agency.
- When applying for a Certificate of Compliance, keepers should not specify a destination herd. The cert for a show will continue to be valid for 30 days.
- On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary along with the bovine passport for the animal.
- The keeper and the Show Secretary will then sign the Movement Notification section of the Certificate, which will then be sent to the local DVO for recording onto the AIM system.
- Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Secretary will be allowed to be shown on the day of the Show.
- Please have certificate of compliance correctly filled out before approaching Secretary's office on show morning to avoid unnecessary delays.
- Important Notice: Unruly, Wild or Dangerous animals are banned from the showgrounds. Handlers must be in full control at all times and must obey stewards and safety officers.

Department of Agriculture, Food and the Marine
SPECIFIC REQUIREMENTS - HORSES AND OTHER EQUINES
Premises Registration

As from 1 May 2012, any premises (which includes shows, fairs and markets) where horses or other equines are gathered must be registered with the Department.

Owners/persons in charge of such gatherings are required to submit a completed application form for registration and to keep records of movements on/off their premises.

Records must be retained for at least 3 years as they may be required by the Department for the purposes of tracing disease.

Records required are:

- The name and address of the owner/person in charge of the premises from which the equine came.
- Premises registration number from which the equine came
- Passport number/UEL number of the animal

It is important therefore that Show organisers should contact their local District Veterinary Office in advance so that consideration can be given to compliance with the requirements outlined above.

Any further information on the requirements for moving horses and equines to shows will be provided on the Department's website at:

<http://www.agriculture.gov.ie/animalhealthwelfare/animalidentificationmovement>

Department of Agriculture, Food and the Marine
